

## LITTLE MOTHERS TO CONDUCT CRUSADE

Will Be in Charge Today at Keith's Over Diet Kitchen Station.

The "little mothers" of the District who are to take charge of the special station of the Washington Diet Kitchen in the promenade lounge of the Keith Theater this afternoon and evening, promise to demonstrate what the newly formed league can do to spread information as to the care of infants and the way to secure pure milk.

Attention was called to hundreds of "little mothers" in Washington, through the presentation of Una Clayton's sketch, "Milk," at Keith's this week, with which the Federal and District authorities and the infant welfare organizations combined for the pure milk crusade during the week. Miss Clayton gave the organizations special attention through the production of her playlet at a "mothers' matinee" last Tuesday and through daily talks introducing prominent speakers to the audiences at the matinee.

The organization of a Washington branch of the Little Mothers' League by the assistance of Miss Clayton yesterday at the Margaret Wilson social center at the Grover Cleveland School today the Diet Kitchen station at Keith's will be entirely under the charge of the "little mothers" who have been members of the Diet Kitchen's classes of instruction. They will assume entire charge of the station, and will be prepared to weigh babies, give advice as to clothing, prepare records for mothers, and do all the things a regular nurse is supposed to do. At the matinee an address will be made on the matter of pure milk as it affects the health of the entire community.

## Making of Bogus Mexico Money O. K.

Counterfeiters May Turn It Out In U. S. Without Fear of Prosecution.

Counterfeiters may produce spurious Mexican money within the borders of the United States without fear of prosecution, according to a ruling which has been made by the Treasury.

The department points out that so long as the United States Government recognizes none of the Mexican factions there can be no legal Mexican currency in the eyes of Uncle Sam.

Spurious Mexican money is being made all along the border, according to Treasury officials, and is being shipped thence into the revolution-ridden republic.

The secret service and the Department of Justice are active in protecting the currency of all recognized foreign governments, and the money of no such state is permitted to be counterfeited in this country. As soon as a government in Mexico is recognized by the United States, the secret service and other American authorities will become active in suppressing here all counterfeiting of money of that nation.

## Tie-up on M Street Line Makes Many Report Late

Hundreds of residents of Georgetown and the Virginia suburbs were late for work this morning as a result of a tie-up on the M street line west of Thirtieth street. Some of them were delayed for twenty minutes or more.

A big motor truck loaded with sand broke down on the east bound track, and cars lined up behind it beyond Wisconsin avenue. The rear axle of the truck broke flush with the right wheel, tearing loose the chain drive. The "hurry up" wagon finally towed the wreck off the track, but in the meantime two telephone booths in a nearby drug store did a land office business with anxious suburbanites reporting late for work.

## TEN-CENT PRICES AT NOVEL MARKET

Fourteenth Street Firm, Starts Unusual Enterprise For Housewives.

The Whitley 5 and 10-cent market, located at 1634 Fourteenth street northwest, opened its doors to the public today, and the public viewed for the first time a complete market where one may procure an almost unlimited variety of food products, including a full line of groceries, fresh fruits, and vegetables, bread, rolls, cakes, and pies, a complete line of crackers and candy, and a miscellaneous line of kitchen utensils at a cost of 5 or 10 cents.

This novel enterprise was created on the belief that large numbers of people frequently desire to purchase the best quality food commodities in small quantities, and this plan makes shopping pleasant and very economical.

The store is extremely well lighted and decorated in the soft tones of French gray and blue; is screened throughout and equipped with ceiling fans. All the merchandise is attractively displayed.

The store will open at 8 a. m. and close at 6:30 p. m. each week day. Many unusual attractions are being offered today, also a tango top—a very amusing device—will be presented to all customers as a souvenir.

## BOY'S HOLD-UP TALE IS ADMITTED HOAX

Too many melodramatic details of how he was knocked down, held up, gagged, bound and robbed of \$75, brought Henry Ball, fifteen years old, to grief yesterday, and after several hours of cross-examination he admitted to Detective O'Day that the story was a hoax.

Sixty dollars of the missing sum was found at his home, 415 Half Eleventh street southeast, and the youth said he had lost the rest of it. Later he was released in charge of a probation officer.

Ball's first story was that he had been knocked down as he was leaving his home early yesterday to go to work. He said his assailant, a man about thirty years old, had gagged him and tied his hands.
